Allen Short, General Manager  
Modesto Irrigation District  
P.O. Box 4060  
Modesto, CA 95352

Dear Mr. Short:

Thank you for your April 11, 1997 letter regarding CALFED Bay-Delta Program Storage and Conveyance Component Inventories, Preliminary Working Draft (February 5, 1997). You indicated that opportunities for a conjunctive use program in the area were severely limited by hydrogeologic and existing land use constraints. The information you kindly provided has been passed on to my staff and the consultant team for review and consideration. It is our intent that CALFED planning documents be as accurate and up-to-date as possible, and this information will be considered in preparing an updated inventory. We expect this revision to be available for public review by November 1997.

Again, thank you for your input. If you have any further comments or questions, please don't hesitate to call me at (916) 657-2666.

Sincerely,

Lester A. Snow  
Executive Director

cc: Ross Rogers, General Manager  
Merced Irrigation District

Paul Elias, General Manager  
Turlock Irrigation District
